

## IRON BOARD BLOWING ASPIRANT VAPORIZES

steaming suction (blowing on demand) board present for installation of the mobile arm and shape with automatic steam generator or to be connected to the central steam (Model 182 F).

The main characteristic of the Model 182 are: the blowing version don't need air compression, this solution allows to save air compression cost and all air compression network.

Strong simply and long life are the main characteristics of model 182

Model	Power Supply	Boiler Heating	Boiler Capacity	Shape Heater	Pressure	Pump	Dimension	Weight	Volume
182	230 - 400	6 kW	7 Lt.	0,11 - 0,35 kW	4,2 bar	0,5 kW	165 x 57 x 105 cm	148 Kg	0,175 mc
182 F	230						165 x 57 x 105 cm	125 Kg	0,048 mc
183	230 - 400	10 kW	11 Lt.	0,11 - 0,35 kW	4,2 bar	0,5 kW	165 x 57 x 105 cm	163 Kg	0,048 mc
