

Model 603: suction, heated professional ironing board, pre-set for installation of swivel arm and ironing shape. The working surface is heated electrically and temperature is regulated by thermostat.

Qualified instrument for laundries, workshops and dressmaking shops, the Model 603 by the means of powerful suction keeps article always dry by reducing ironing time considerably.

The excellent quality/price ratio and packing in cardboard box of mc 0,3 only (with reduced transport freights) both make the Mod 603 unique in this field.

Model 602: has got the same technical distinctive of Mod. 603 but without presetting of ironing shape.

Model	Feeding	Board Heating	Vacuum Motor	Sleeve Heating	Weight	Dimension	Volume
